

Hidden Mickey Safari

What is a Hidden Mickey? A Hidden Mickey is an image of Mickey in a place that you probably would not expect to see him. We have several "Hidden Mickey's" living here at *Disney's Animal Kingdom Lodge & Villas*. See how many you can find while you're here! Follow the clues around the resort and fill in the description of where you find Mickey. Stop at the Zawadi Marketplace when you are done to receive your certificate!

What Does a Hidden Mickey Look Like?

A Hidden Mickey is usually just Mickey's silhouette. It's three circles, like this:

But sometimes, a Hidden Mickey can be Mickey's profile, like this:

<p>1. You have almost made it inside the resort. Guess who is there to welcome you? Mickey is with one of his animals waiting to meet you.</p>	
<p>2. This Mickey is very bright! In fact, he helps light up the whole lobby. Walk in the lobby and look for Mickey to be hiding with the lights.</p>	
<p>3. If you stop at the bridge over Victoria Falls and throw a penny to make a wish, watch where you throw it or you might hit Mickey! He's hiding in the shadows.</p>	
<p>4. Around the main lobby, classic Mickey's are formed by logs banded to wood supports. One of the best is the 2nd support as you enter the lobby from the front doors.</p>	
<p>5. Sometimes the animals are so close you can almost touch them. There is a family of three giraffes that you actually can touch because they never move. Find the middle one and you can find Mickey!</p>	

6. Find the savanna with the zebras to find this Mickey. Walk between the two large rocks. Look up and Mickey might be staring back at you!	
7. This Mickey is really hard to find. He's acting like Tarzan hanging from the vines. If you find him you can see more than just circles. You'll actually be able to see his face smiling at you!	
8. You have to take many steps to find this Mickey. Get ready to catch because he's in the middle of a fall.	
9. Going for a workout? Go for a ride instead of taking the stairs and you might find some great company riding with you!	
10. The slide looks like fun, but if you want to find Mickey, just walk around it. If you see a light growing out of a rock, you are really close. Good Luck!	
11. It's not just the hot tub that's hot! If you can see it through the bushes you are so close to Mickey that you too are HOT!	
12. What's pink and can stand on one leg? Once you find the flamingos, look to the wall on the far right. You might find a Mickey by the bushes.	
13. Need a quick snack? There is a great place to buy a tasty treat. You might find Mickey hovering above the chips. If he is bothering you, please tell him to LEAFyou alone!	
14. Careful where you step as you go to your room!	
15. When you go to sleep at night, get all nice and cozy, because you are sharing your blanket with a little pal.
